Work Experience

DEG/MERKLE - SR. ACCOUNT MANAGER

AUGUST 2021 - PRESENT

Led technical strategy and execution for Tier-1 enterprise accounts, overseeing digital transformation initiatives, web application development, and integrated marketing technology programs across a \$3M+ portfolio.

- Led initiatives to shape annual marketing priorities, identify optimization opportunities, and guide omni-channel program evolution.
- Provided strategic counsel that contributed to the Albertsons account exceeding revenue goals by \$700K during the merger transition period.
- Built and maintained strong relationships with clients and partner brands, ensuring smooth coordination of campaign rollout and template-based web/mobile executions.
- Collaborated with development teams to optimize front-end performance, streamline workflows, and resolve technical issues across multiple client platforms.
- Created comprehensive process documentation that standardized technical workflows and improved operational efficiency across account teams.
- Partnered with creative, development, and PMO teams to define technical requirements, design scalable solutions, and deliver high-quality web experiences.
- Managed complex project timelines using Agile methodologies and tools including Jira, Confluence, and Workfront.

ELEVATION MARKETING - ACCOUNT MANAGER

APRIL 2019 - AUGUST 2021

Primary point of contact for a diverse B2B portfolio, leading strategy, execution, and multi-channel digital programs for large enterprise clients.

- Managed \$4M+ in annual revenue across clients including Amazon, Rogers, and NAPA Auto Parts.
- Developed integrated campaign strategies incorporating custom web solutions, lead-generation forms, and email marketing with client-side validation and interactive workflows.
- Conducted technical assessments and competitive analysis to inform solution design and optimization strategies.
- Managed production schedules and cross-functional team collaboration, ensuring delivery of polished, performant web applications.
- Supported new business development through technical proposal writing and solution architecture presentations.
- Developed integrated campaign strategies—including website builds, lead-gen programs, content, and email marketing—driving measurable KPI improvement.
- Built strong client relationships through proactive communication, strategic insights, and consistent delivery excellence.

RENEGADE COMMUNICATIONS

Associate Account Executive | Account Executive

August 2016 – April 2019

Managed major clients including Comcast and Under Armour, balancing strategic advisory with hands-on execution across integrated campaigns.

- Owned \$2M+ annual portfolio while maintaining a client NPS of 9+.
- Delivered a 25% revenue increase from a major client through trust-building, strategic upsells, and consistent performance—adding over \$100K in new billing.
- Partnered with creative and production teams to ensure brand consistency and high-impact campaign execution.
- Leveraged analytics and insights to optimize microsite traffic and improve employee engagement initiatives.
- Led and mentored up to three interns per semester as head of the internship program.

E.W. SCRIPPS (ABC WMAR)

Account Executive | June 2015 – August 2016

Managed television and digital advertising clients while identifying and onboarding new business.

- Sold and managed broadcast + digital ad packages, converting new clients into recurring annual contracts.
- Provided strategic recommendations for local businesses to maximize advertising ROI.
- Built and maintained strong customer relationships through consistent communication and trusted advisory support.
